

Pivot Onsite Innovations Offers Next-level Partnership in Managing COVID-19 in the Workplace

Pivot Onsite Innovations understands the unique challenges that companies are continuing to face when navigating the new safety requirements due to COVID-19.

Testing alone is NOT the answer. Our medical directors are able to work with clients, establish a partnership, and create a strategic plan with actionable and effective policies and procedures.

Daily Health Assessment Survey/
Employees Risk Assessment

Contact Tracing

Temperature Checks

OSHA-Grade Office
Disinfection Guidelines

On site, at home or off site clinic
antigen and antibody testing

Results, Dashboards and Analytics

Why Partner with Pivot Onsite Innovations for Your COVID-19 Strategy and Testing Protocols?

Expedited testing appointments

Average turnaround of 2-3 business days

Less administrative burden on your team thanks to a technology platform that allows for ease of tracking, analyzing, and reporting information

Access to medical professionals who can interpret data and create action plans based on that information
