**Keeping the workplace
safe and healthy**

THE CV-19 VACCINATION AND TESTING MANDATE

WHAT DO WE KNOW?

- OSHA is developing a rule that will require **all employers with 100 or more employees** to ensure their workforce is fully vaccinated or require any workers who remain unvaccinated to produce a negative test result on at least a weekly basis before coming to work.
- OSHA will issue an Emergency Temporary Standard (ETS) to implement this requirement.
- This requirement **will impact over 80 million workers** in private sector businesses.

Employers that don't comply with the standard may receive fines of up to \$14,000 for each violation

HOW TO USE CHECKPOINT IN THE WORKPLACE

checkPoint

OPTION 1

Our **standard checkPoint configuration** enables your organization with vaccination and testing recording

Vaccination and Testing Recording

checkPoint
PLUS

OPTION 2

Our **checkPoint PLUS configuration** allows to have both configurations; vaccination and testing recording plus the employee self assessments.

Vaccination and Testing Recording

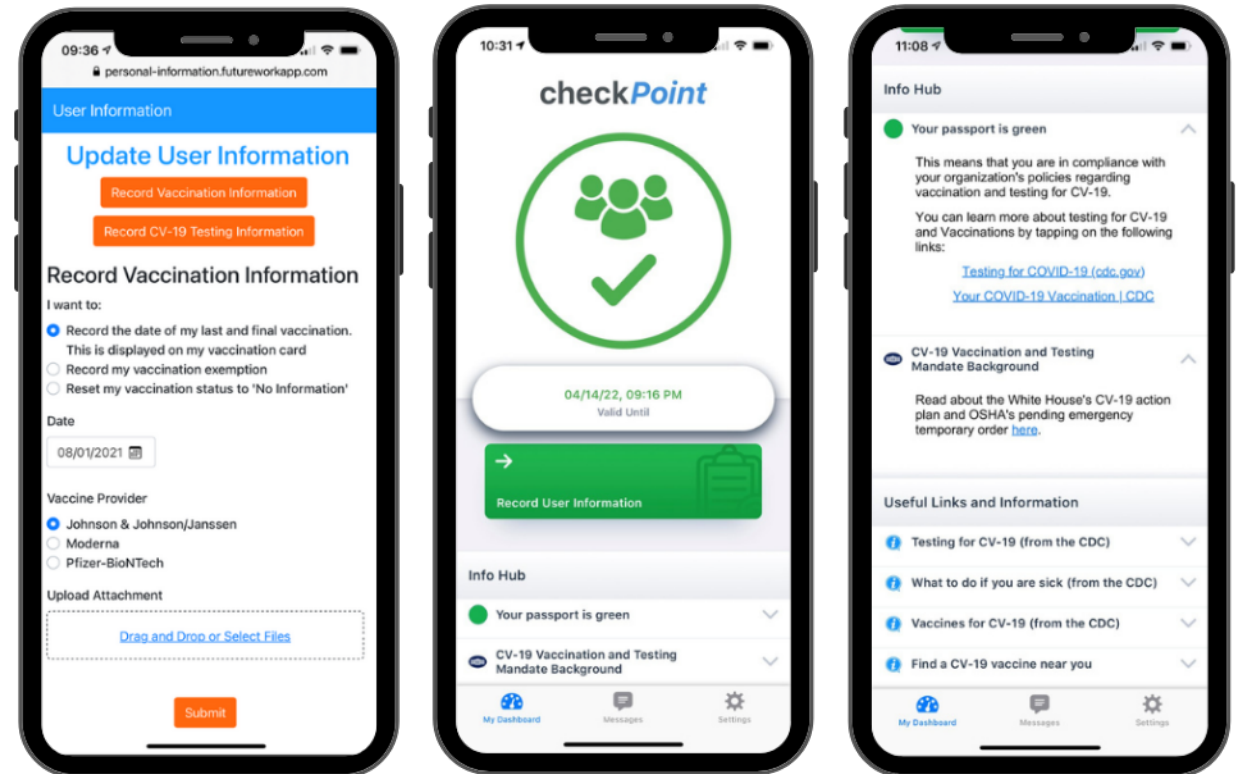

+

Employee Self-Assessments

VACCINATION AND TESTING RECORDING

COMPLIANCE WITH OSHA'S PENDING VACCINE MANAGEMENT AND CV-19 TESTING REQUIREMENT

- Record and manage vaccination status
