

State Labor Poster and Notice Requirements

This document provides direct links to the workplace posters employers are required to display under federal law. These posters, including official translated versions, are created and updated by government agencies. Employers must also comply with all applicable state posting requirements.

Employers must display required posters in a public place where employees can easily access them. While most posters apply to all employers, some may apply to specific industries or employers of a certain size. Employers can review each poster description to determine whether they are required to display that particular poster.
