

VSP's ProTec Safety Plan Got an Upgrade

To provide your employees with an enhanced benefit experience, we've modified our ProTec Safety® Plan. The improved ProTec Safety Plan is a no-cost upgrade that provides your employees greater flexibility and access to care, and a wider selection of frames, making it easier to protect their eyes at work.

Did You Know?

- More than 2,000 people injure their eyes at work each day.¹
- 90% of these injuries are preventable with proper eyewear protection.¹
- All safety frames are ANSI and OSHA-tested and certified.

New ProTec Safety Features	
VSP® Doctors	<ul style="list-style-type: none"> • Members can see any VSP network doctor who carries safety frames including over 800 Visionworks® locations nationwide
Safety Exam	<ul style="list-style-type: none"> • Safety exam covered-in-full for standalone plans • Option to include safety exam on supplemental plans
Prescription Lenses	<ul style="list-style-type: none"> • Additional flexibility to cover only standard progressive lenses OR all categories of progressives
Safety Frames	<ul style="list-style-type: none"> • Frames outside ProTec Eyewear® Collection are covered-in-full² up to the \$65 retail allowance from the doctor's frame board <ul style="list-style-type: none"> ○ Members receive a 20% savings on any amount above the retail allowance • Covered-in-full expanded to include all safety frames at Visionworks locations nationwide

The ProTec Safety Plan will continue to include the services, prescription lenses, and frames certified as safe for a work environment by meeting the necessary standards and test requirements.
