Headquartered in Walnut Creek, California, Heffernan Insurance Brokers has nationwide presence offering comprehensive business insurance, personal insurance, employee benefits, and financial services products to a wide range of businesses and individuals. Since 1988, Heffernan has grown from a small agency with \$800,000 in revenue to a large firm with over \$200 million in revenue. With a strong focus on organic growth, supplemented by select acquisitions that truly complement our culture, Heffernan has experienced consistent growth for three decades. Heffernan is independently owned, and from the beginning, our strategic objective has been straightforward: provide customers with large brokerage expertise and market clout alongside the customer care one would only expect with a small brokerage.
